Rates

$32 – per half hour lesson, or $120 for four weeks of half hour lessons

$60 – per hour lesson, or $230 for four weeks of one hour lessons

Every student has their own four-week session. This avoids complications with five week months and allows students to start or end at any point rather than waiting for a month to begin or end.

One 15-minute consultation meeting if free of charge and includes playing and finding which instrument fits the student as well as vision setting for the future. Each lesson plan is developed specifically for the vision of the student (Parents, we strongly encourage you to attend the consult).

Because lessons are individualized, books and materials will be discussed during the consultation follow-up and will need to be purchased by the student or parent.

In home lessons (teacher comes to you) will add an extra charge of mileage based on the current years mileage rates.

Prices are subject to change.

Student Responsibilities

- Materials - Students are responsible for the purchase of their own books, instruments, and other materials needed for the lessons they are receiving. Our teachers will assist in referring our students to where they can obtain these items, however they are not responsible for providing them personally.
- Practicing - Each teacher instructs how much practice is ideal for each student and will encourage students in their practicing. Nevertheless, once the instructor is gone it is up the student to do their own practicing. Progress will be made most quickly by those students who maintain the recommended practicing time. Parents are also encouraged to be involved in their students' practice. Taking the time to listen to your child play their weekly song or creating a set time for practicing in the student's daily routine are good ways to be involved.
- Attendance – Students are responsible for their lesson's time slot. Please notify the teacher a minimum of 3 days in advance if a lesson will be missed so the space can be filled. One lesson per month can be rescheduled free of charge (Once every four sessions). Sometimes emergencies happen so if a student is unable to attend a lesson and does not notify the teacher, they will receive one grace day and will not be charged for the lesson. Any missed lessons after the first unexcused absence will charged. Arrive at least five minutes early before a lesson to allow time for preparation and avoid lesson time being spent on uncasing instruments, etc.
- Student Contracts- Students or parents of students being taught by UP Music are to sign and hand in a student contract with their first payment of lessons. This student contract ensures that both the students and the parents understand the business arrangements of how these lessons will work.
- Release – By taking lessons with UP Music there will most likely be audio and video recorded of the student. Check here to allow the students image (whether a picture, video, or audio recording) to be shared publicly. (Facebook, YouTube, Instagram, etc)
